c) the names and nationalities of the respective agreement parties and, if relevant, any further sub-grantees or contractors in receipt of Project funds;

Any deviations from this article 14 shall be agreed by the Parties in writing, i.a. in the Specific Conditions.

14.2 Publication shall take place as soon as possible, and at the latest within six months after the contracts, cooperation agreements and/or other sub-agreements were entered into.

14.3 The Grant Recipient shall make other project documentation, including the Application and all agreed reports, available to anyone upon request. Requests for disclosure may be denied if such disclosure is prohibited by confidentiality obligations and/or if it may be detrimental to the Grant Recipient’s legitimate interests.

15 FINANCIAL IRREGULARITIES

15.1 The Grant Recipient is required to practise zero tolerance against corruption and other financial irregularities within and related to the Project. The zero tolerance policy applies to all staff members, consultants and other non-staff personnel and to cooperating partners and beneficiaries of the Grant.

15.2 Financial irregularities refers to all kinds of:

a) corruption, including bribery, nepotism and illegal gratuities;
b) misappropriation of cash, inventory and all other kinds of assets;
c) financial and non-financial fraudulent statements;
d) all other use of Project funds which is not in accordance with the implementation plan and budget.

15.3 In order to fulfil the zero tolerance requirement, the Grant Recipient shall:

a) organise its operations and internal control systems in a way that financial irregularities are prevented and detected;
b) do its utmost to prevent and stop financial irregularities within and related to the Project;
c) require that all staff involved in, and any consultants, suppliers and contractors financed under the Project refrain from financial irregularities.

15.4 The Grant Recipient shall inform Norad immediately of any indication of financial irregularities in or related to the Project. The Grant Recipient shall provide Norad with an account of all the known facts and an assessment of how the matter should be followed up, including whether criminal prosecution or other sanctions are considered appropriate.

15.5 The matter will be handled by Norad in accordance with Norad’s guidelines for handling suspicion of financial irregularities. The Grant Recipient shall cooperate fully with Norad’s investigation and follow-up. If requested by Norad, the Grant Recipient shall initiate prosecution and/or apply other sanctions against persons or entities suspected of financial irregularities.

15.6 Norad may claim repayment of all or parts of the Grant in accordance with article 17 of the General Conditions if it finds that any financial irregularities have taken place in or related to the
Project. The repayment claim may also include any interest, investment income or any other financial gain obtained as a result of the financial irregularity.

16 CONFLICT OF INTEREST

16.1 The Grant Recipient shall take all necessary precautions to avoid any conflicts of interest in all matters related to the Project.

16.2 Conflict of interest refers to any situation where the impartial and objective exercise of the functions of anyone acting on behalf of the Grant Recipient is, or may be, compromised for reasons involving family, personal life, political or national affinity, economic interest or any other connection or shared interest with another person.

16.3 If a conflict of interest occur, the Grant Recipient shall, without delay, take all necessary measures to resolve the conflict, e.g. by replacing the person in question or by obtaining independent verification of the terms of the proposed decision or transaction.

16.4 If the conflict of interest cannot be resolved and/or if it relates to a decision or transaction of special significance to the Project, the decision or transaction may not be concluded without the prior, written approval of Norad.

17 BREACH OF THE AGREEMENT

17.1 If the Grant Recipient fails to fulfil its obligations under this Agreement and/or if there is suspicion of financial irregularities, Norad may suspend disbursement of all or part of the Grant.

17.2 In the event of material breach of the Agreement, Norad may terminate the Agreement with immediate effect, and/or claim repayment of all or parts of the Grant.

17.3 Material breach of the Agreement shall include, without limitation, the following situations:

   a) all or part of the Grant has not been used in accordance with the Agreement and/or approved implementation plans and budget,
   b) the Grant Recipient has made false or incomplete statements to obtain the Grant,
   c) the use of the Grant has not been satisfactorily accounted for,
   d) the Grant Recipient has, after having been granted an extended deadline, failed to provide the agreed reports, or has knowingly provided reports that do not reflect reality,
   e) financial irregularities, grave professional misconduct or illegal activity of any form have taken place within the Grant Recipient or its cooperating partners,
   f) the Grant Recipient has failed to inform Norad of indication of financial irregularities within the Project in accordance with article 15 of the General Conditions,
   g) the Grant Recipient has changed legal personality without prior notification to Norad,
   h) the Grant Recipient is bankrupt, being wound up or is having its affairs administered by the courts, or is subject to any analogous or corresponding procedure provided for under national legislation.

17.4 The Grant Recipient shall inform Norad immediately of any circumstances that may indicate or lead to a breach of Agreement, and shall provide Norad with any information or documentation it may reasonably require in order to determine if a breach of the Agreement has occurred.

17.5 Norad may also suspend disbursements or terminate the Agreement with immediate effect if a material breach of another agreement between Norad and the Grant Recipient has been established.
18 TERMINATION OF THE AGREEMENT

18.1 Each of the Parties may terminate the Agreement upon a written notice.

18.2 The Support Period shall end three months after the date of the notice of termination. During these three months, the Grant Recipient may only use the Grant to cover commitments that have been established before the date of the notice of termination.

18.3 If the Project cannot continue without the Grant, the Grant Recipient shall use these three months to discontinue or scale down the Project promptly and in an orderly and financially sound manner. Any funds that remain unused at the end of the Support Period shall be repaid to Norad.

18.4 The Grant Recipient shall submit a final report to Norad within three months of the end of the Support Period. The final report shall meet the requirements set out in article 4 of the General Conditions and shall also include a financial report and audit report covering the period from the previous financial report until the end of the Support Period.

18.5 The Agreement will be considered terminated when the final report has been approved by Norad and any remaining funds have been repaid.

19 WAIVER AND IMMUNITIES

19.1 Nothing in the Agreement or any document related to the Agreement shall imply a waiver, express or implied, by Norad, the Government of Norway or any of its officials of any privileges or immunity enjoyed by them or their acceptance of the jurisdiction of the courts of any country over disputes arising thereof. This article 19 will not prevent arbitration or court proceedings in the legal venue of the Grant Recipient pursuant to article 24 of the General Conditions.

20 LIABILITY

20.1 Norad shall not under any circumstances or for any reason be held liable for damage, injury or loss of income sustained by the Grant Recipient or its staff or property as a direct or indirect consequence of the Project. Norad will not accept any claim for compensation or increases in payment in connection with such damage, injury or loss of income.

20.2 The Grant Recipient shall assume sole liability towards third parties, including liability for damage, injury or loss of income of any kind sustained by them as a direct or indirect consequence of the Project. The Grant Recipient shall indemnify Norad against any claim or action from the Grant Recipient’s employees or third parties in relation to the Project.

21 ASSIGNMENT

21.1 The Agreement and/or the Grant may not be assigned to a third party without the prior written consent of Norad. This shall not, however, prevent transfer of parts of the Grant to a cooperating partner in accordance with article 11 of the General Conditions.

22 RECOGNITION AND PUBLICATION

22.1 The Grant Recipient shall acknowledge Norad’s support to the Project in all publications and other materials issued in relation to the Project. Norad’s logotype will be provided by Norad upon request. All use of Norad’s logotype must be approved by Norad.
23 ENTRY INTO FORCE, DURATION AND AMENDMENT

23.1 The Agreement shall enter into force at the date of the last signature and shall remain in force until all obligations arising from it have been fulfilled, or until it is terminated in accordance with the provisions of the General Conditions. Whether the obligations of the Agreement shall be considered fulfilled, will be determined through consultations between the Parties and confirmed by Norad in a completion letter.

23.2 The Agreement may be amended. Any such amendment must be agreed upon in writing between the Parties and shall become an integral part of the Agreement.

23.3 Termination or expiry of the Agreement shall not release the Parties from any liability arising from any act or omission that has taken place prior to such termination or expiry.

24 CHOICE OF LAW AND SETTLEMENT OF DISPUTES

24.1 The Agreement shall be governed and construed in accordance with Norwegian law.

24.2 If any dispute arises relating to the implementation or interpretation of the Agreement, the Parties shall seek to reach an amicable solution.

24.3 Any dispute arising out of or in connection with the Agreement that cannot be solved amicably, shall exclusively be settled before the Norwegian courts of law with Oslo District Court as legal venue.

24.4 The Grant Recipient accepts that Norad can, at its own sole discretion and as an alternative to the legal venue mentioned above, choose to settle the dispute by

a) the courts in the legal venue of the Grant Recipient, or
b) arbitration in accordance with the Arbitration Rules of the Arbitration Institute of the Stockholm Chamber of Commerce. The arbitral tribunal shall be composed of three arbitrators. If the disputed amount is below an amount corresponding to NOK 10 000 000 the arbitral tribunal shall, however, be composed of a sole arbitrator. The seat of arbitration shall be Stockholm, Sweden, and the language to be used in the arbitral proceedings shall be English. The Parties agree that neither the arbitral proceedings nor the award shall be subject to any confidentiality.

24.5 The Parties agree that no other courts of law, than as set out in this article 24, shall have jurisdiction over disputes arising out of or in connection with this Agreement.
PART III: PROCUREMENT IN THE CONTEXT OF PROJECTS FINANCED BY THE NORWEGIAN AGENCY FOR DEVELOPMENT COOPERATION

1 INTRODUCTION

1.1 This Part III sets out procurement rules and principles which shall be applied by the Grant Recipient when procuring goods, services or works to Projects financed by the Agency for Development Cooperation (Norad). Stricter rules may supplement the compulsory minimum rules set forth in this Part III.

1.2 Norad may carry out ex post checks on the Grant Recipient’s compliance with the rules set forth in this Part III.

1.3 Failure to comply with the rules set forth in this Part III shall render the Project expenditure ineligible for Norad funding and may lead to withholding funds or claim for repayment in accordance with article 17 of the General Conditions (Part II) of this Agreement.

1.4 Contracts shall not be split artificially to circumvent the procurement thresholds. All monetary amounts referred to in this Part III are amounts excluding value-added tax (VAT).

1.5 The procurement provisions shall also apply to any procurements to be carried out by the Grant Recipient’s cooperation partners or others. The Grant Recipient shall be responsible for compliance as per article 11 of the General Conditions (Part II) of this Agreement regardless of whether the procurement is carried out by the Grant Recipient itself or its cooperation partners or others.

1.6 Sections 1 to 4 set out rules, which shall apply to all contracts. Sections 5 to 6 contain specific rules for service, supply and works contracts. Section 7 lists the situations where a negotiated procedure without prior publication is permitted.

2 BASIC PRINCIPLES

2.1 If a Project requires procurement by the Grant Recipient, the contract must be awarded following a tender procedure to the most economically advantageous tender (i.e. to the tenderer obtaining the best score based on price and quality), or, as appropriate, to the tenderer offering the lowest price. In doing so, the Grant Recipient shall avoid any conflict of interests and respect the following basic principles:
a) **Competition**: The procedures applied and the award of contracts shall be based on fair competition.

b) **Equal treatment and non-discrimination**: Participation in tender procedures shall be open on equal terms to all natural and legal persons. During the entire procurement and the award of contracts, the Grant Recipient shall not discriminate against candidates/tenderers or groups of candidates/tenderers.

c) **Transparency and ex-ante publicity**: As a general rule, tender procedures shall be based on prior publication. Where the Grant Recipient does not launch an open tender procedure, it shall justify the choice of tenderers that are invited to submit an offer.

d) **Objective criteria**: The Grant Recipient shall evaluate the offers received against objective criteria, which enable the Grant Recipient to measure the quality of the offers and shall take into account the price (the offer with the lowest price shall be awarded the highest score for the price criterion). The criteria shall be set out beforehand and shall be relevant to the contract in question.

e) **Notoriety**: The Grant Recipient shall keep sufficient and appropriate records and documentation with regard to the procedure, its evaluation and award.

3 **ELIGIBLE TENDERERS**

3.1 Tenderers must provide information on their legal form and ownership structure.

3.2 Tenderers shall be excluded from participation in a procurement procedure if:

a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations. However, tenderers in this situation may be eligible to participate insofar as the Grant Recipient is able to purchase supplies on particularly advantageous terms from either a supplier which is definitively winding up its business activities, or the receivers or liquidators of a bankruptcy, through an arrangement with creditors, or through a similar procedure under national law;

b) they or persons having powers of representation, decision-making or control over them have been convicted of an offence concerning their professional conduct by a final judgment;

c) they have been guilty of grave professional misconduct; proven by any means which the Grant Recipient can justify;

d) they have not fulfilled obligations relating to the payment of social security contributions or taxes in accordance with the legal provisions of the country in which they are established, or with those of the country of the Grant Recipient or those of the country where the contract is to be performed;
e) they or persons having powers of representation, decision-making or control over them have been convicted for fraud, corruption, involvement in a criminal organisation or money laundering by a final judgment;

f) they make use of child labour or forced labour and/or practise discrimination, and/or do not respect the right to freedom of association and the right to organise and engage in collective bargaining pursuant to the core conventions of the International Labour Organization (ILO).

3.3 Tenderers shall confirm in writing that they are not in any of the situations listed above. Even if such confirmation is given by a tenderer, the Grant Recipient shall investigate any of the situations listed above if it has reasonable grounds to doubt the contents of such confirmation.

3.4 Contracts shall not be awarded to tenderers which, during the procurement procedure:

a) are subject to a conflict of interests;

b) are guilty of misrepresentation in supplying the information required by the Grant Recipient as a condition of participation in the tender procedure, or fail to supply this information.

4 GENERAL PROCUREMENT RULES

4.1 The tender documents shall be drafted in accordance with best international practice. The Grant Recipient may voluntarily use the models published in the Practical Guide on the EuropeAid (EU) website.

4.2 The Grant Recipient shall take into account universal design and the potential environmental impact of any planned procurements.

4.3 All invitations to submit tenders shall state that offers will be rejected if any illegal or corrupt practises have taken place in connection with the award. All contracts concluded under the Project shall state that the Grant Recipient may terminate the contract if it finds that illegal or corrupt practises have taken place in connection with the contract award or execution.

4.4 The time-limits for receipt of tenders and requests to participate must be sufficient to allow interested parties a reasonable and appropriate period to prepare and submit their tenders.

4.5 An evaluation committee must be set up to evaluate applications and/or tenders of a value of NOK 500 000 or more on the basis of the exclusion, selection and award criteria. This committee must have an odd number of members, at least three, with all the technical and administrative capacities necessary to give an informed opinion on the tenders.
4.6 For contracts with a value exceeding NOK 100 000, the Grant Recipient shall compile a written record with documentation of all assessments and decisions during all steps of the procurement process from the planning stage until the signing of the contract. Upon request by Norad, the Grant Recipient shall deliver its written record to Norad and grant Norad access to all relevant information and documentation related to the procurement procedure and practices applied.

5 AWARD OF CONTRACTS

5.1 Contracts with a value of less than NOK 500 000 may be awarded by using any procurement procedure established by the Grant Recipient, while respecting the rules and principles laid down in Sections 1 to 4 of this Part III.

5.2 Contracts with a value exceeding NOK 500 000 shall be awarded by means of one of the following procurement procedures:

a) **Open tender procedure:** In open procedures, any interested tenderer may submit a tender in response to a call for competition. The tender shall be accompanied by the information for qualitative selection as requested by the Grant Recipient.

b) **Restricted procedure:** In restricted procedures, any tenderer may submit a request to participate in response to a call for competition by providing the information for qualitative selection as requested by the Grant Recipient. Only those tenderers invited to do so by the Grant Recipient following its assessment of the information provided may submit a tender. The Grant Recipient may limit the number of suitable candidates to be invited to participate in the procedure.

c) **Competitive procedure with negotiation:** In competitive procedures with negotiation, any tenderer may submit a request to participate or a tender in response to a call for competition by providing the information for qualitative selection as requested by the Grant Recipient. Tenderers may submit an initial tender, which shall be the basis for subsequent negotiations. The minimum requirements and the award criteria shall not be subject to negotiations.

5.3 Where the Grant Recipient does not launch an open tender procedure, it shall justify and document in writing the choice of tenderers that are invited to submit an offer.

5.4 Deviations from the procedures listed in Section 5.2 are limited to the situations listed in Section 7 of this Part III.

6 PUBLICATION OF PROCUREMENT NOTICE

6.1 The following shall apply with respect to publication of the procurement notice:

---

1 Definitions of different types of contracts and procedures can be found in Directive 2014/24/EU.
a) **Service and supply contracts from NOK 500 000 to less than NOK 2 500 000 and works contracts from NOK 500 000 to less than NOK 40 000 000**

The prior procurement notice shall be published in all appropriate media, at least in the country in which the Project will be carried out as well as on the Grant Recipient's website.

b) **Service and supply contracts with a value of NOK 2 500 000 and above and works contracts with a value of NOK 40 000 000 and above**

The prior procurement notice shall be published in all appropriate media, in particular on the Grant Recipient's website, in the international press and the national press of the country in which the Project will be carried out, and in any other relevant specialist periodicals.

7 **USE OF NEGOTIATED PROCEDURE WITHOUT PRIOR PUBLICATION**

7.1 The Grant Recipient may use a negotiated procedure without prior publication in the following cases:

a) if any of the circumstances set out in Article 32 of Directive 2014/24/EU are present;

b) for purposes of humanitarian aid and civil protection operations or for crisis management aid in a crisis that has been formally recognised by and for the time period declared by Norad;

c) where the services are entrusted to public-sector or non-profit bodies and relate to activities of an institutional nature or are designed to provide assistance to people in the social field;

d) for contracts declared to be secret, or whose performance must be accompanied by special security measures, or when the protection of the essential interests of the Norad so requires.

### Outcome 1

10 excluded and eligible CSOs in BRD (Burundi, Afghanistan, CF, Palestine, Nepal and Kenya) are leading on embedding education sector anti-corruption and transparency measures describing 10,500 youth (Youth Monitors)

**Note:** The above number is the number of youth monitors participating in the project. The number of total beneficiaries will be higher at the end of the project, since we have not included the school year, we cannot predict the exact number.

**Note 2:** We will measure it with the partner assessment form + counting the instances in which CSOs have been proactively developing plans and implementing new measures (i.e., new indicator)
